## A DUTY TO PERFORM

At a Meeting of the Board of Directors of This Bank, Held Several Days Ago, a Resolution Was Offered and Unanimously Adopted, That

**THE PEOPLES BANK & TRUST CO.**

Assist In Every Possible Way to Put York County "OVER THE TOP" IN THE PRESENT VICTORY LOAN CAMPAIGN.

Every Director was present at this meeting—every Director individually subscribed to this Great Cause. They did it because they knew it was their duty to do so; because they believe

Victory Liberty Loan Bonds Bearing 4-4 Per Cent a Safe and Attractive Investment.

York County has been asked by our Government to raise \$866,150.00.

This apportionment is based on the total banking resources of the County as of Dec. 31, 1918.

On this basis the Town of York has been requested to raise \$130,900.00.

**THE PEOPLES BANK & TRUST COMPANY**

Opened for business on February 15th, 1919, and, therefore, has not been called upon by our government to raise any amount; nevertheless this fact does not relieve us of a Duty to Perform.

We, therefore, urge you to subscribe liberally to this last call of our Government, and to enable you to do so our Directors have authorized us to receive YOUR subscription, whether you are a customer of this Bank or not, and accept as a

First Payment, 10 Per Cent of Your Subscription and Lend You the Balance (90 p. c.) for a Period of Six Months at 4-4 per cent, the Same Rate of Interest the Bonds Bear

This is a York institution; 80 per cent of our stock is held by citizens in and around the Town of York. Naturally we are anxious to see the Town's quota of \$130,900.00 raised.

Let's sustain our record and "go over the top." We can do it if all will pull together. Let's show our soldier boys that we have some appreciation in our souls for what they did, and are still doing for us.

Wm. S. Moore, our Assistant Cashier, has charge of the Victory Liberty Loan subscriptions placed through this Bank.

## What It Means

Many people have not thought, perhaps, what a Bank's Capital, Surplus and Undivided Profits mean to them as a depositor.

**THE CAPITAL, THE SURPLUS and the UNDIVIDED PROFITS are the Depositor's Protection.**

THIS BANK HAS—

Capital of .....	\$50,000.00
Surplus .....	50,000.00
Undivided Profits .....	35,000.00
Stockholders' Liability .....	50,000.00
<b>Total .....</b>	<b>\$185,000.00</b>

All of this One Hundred and Eighty-five Thousand Dollars would have to be swept away before a Depositor would lose a dollar. That is Your Protection, that is Your Safeguard, and with it all our Careful Management and Government Supervision.

## DISABILITY INSURANCE

There are comparatively few men who go through life from the time they are 18 years of age until they are 65 without some disability. They who do not lose more or less time from their daily occupations on account of disabling accidents or sickness, and as a rule they are not prepared to stand the financial loss, to say nothing of the doctor's bill and often, hospital expenses and when they once get back in harness they find the burden they were carrying before they were knocked out greatly increased. Now to be personal, brother, how would such an experience leave you? Are you independent or dependent on your earnings? If you have a "rainy day fund" don't you think you would be better pleased if on returning to your job you would find it intact because of the fact that the Maryland Insurance Corporation had paid you \$100 per month during your disability? Call and talk with me about a Marengo Disability policy—the most liberal contract covering all kinds of sickness and accidents that is being issued today.
